I'm sure you are looking for an app that will help you learn Hindi. You are in luck, because today I am going to introduce one that has quickly become my favorite. This is Chak De India, a free Hindi language learning app which boasts over 300 hours of video content for beginners and advanced learners alike! By the time you finish this post, you will have both the knowledge and confidence to go out there and start using it. It has many features that make it stand out from other apps in its category. For example, it offers free learning content with different levels of difficulty so everyone can find something they are comfortable with - whether they are just starting or have been studying for years. The app also uses a lot of multimedia such as images, sound, and animations to help you gain an understanding of the sounds and words you hear. I use this app daily to help me learn Hindi and it's very helpful. By the time I'm done, I feel much more confident in my ability to speak Hindi. It doesn't matter if you're a complete beginner or a veteran who has been studying Hindi for years, you will find what you are looking for in this app.

The app offers a wide range of content which is available free for download from the InidaHindi website as well as from iTunes as a video collection. This content covers grammar, vocabulary, and pronunciation in addition to learning Hindi through song, drama, speeches, real-life conversations and video stories. The app's slogan is "Hindi ko Jaan se Jyada Haarne ka Prayaas karte Hai" which means "Chak De India strives to widen your competencies in Hindi." Here are some cool features of the app that you'll love:

According to me this is one of the best apps that helps you learn Hindi online. I have been using it for past 3 months and have learnt a lot through it. This App is helpful for both beginners as well as advanced learners because it offers different levels of lessons.

5 reasons to use this app:

1. It's free of cost!

2. It has over 300 hours of video content in different learning levels.

3. It helps you improve your Hindi or learn Hindi from scratch through various types of lessons i.e grammar, vocabulary, pronunciation etc..

4. It has various tests that check your proficiency level in each lesson and accordingly offers more challenging lessons appropriate to your proficiency level. It will test you on the new study material every time you take the test to ensure that you can recollect new information within a short span of time, i will tell you how to do the practice later on in this post.

5. There are many cool features available on the app that you will love.

Download the App, register yourself on the website and start learning Hindi online for free. I have provided a video tutorial below to help you get started. The video requires you to have an account on the website which you can create by clicking the green 'REGISTER' button on the webpage. You will be asked to provide your email address. You must verify your email address by clicking the green link sent in your email inbox within 30 minutes of registration - otherwise your registration will be automatically deleted!
